Shaftsbury State Park

Welcome to Shaftsbury State Park, an 84-acre park surrounding picturesque Lake Shaftsbury. The man-made lake was once a mill pond. The area operated as a private campground and cabin resort before it was purchased by the State of Vermont in 1974. It is now a popular state park.

Camping Facilities –Group camping is offered here. Three clusters of lean-tos are located northwest of the lake, across from the beach and picnic area. Portable toilets are the sanitary facilities for the 15 lean-tos. There is parking with access to firewood and a play field nearby.

There is a fully furnished waterfront cottage available for weekly rental. There is a full kitchen and bathroom with a shower. The cottage sleeps six and has a deck with a view of the lake and a grill. All you have to supply are your own linens and groceries!

Day Use Facilities – Shaftsbury has a beach and picnic area. There is an open picnic shelter/pavilion available for large group gatherings.

The concession offers snacks and boat rentals.
