

REEL FUN!

Fishing in Vermont State Parks

Fishing in Vermont State Parks Reel Fun for All Ages and Anglers!

Vermont has some of the highest-quality and most-diverse freshwater fishing opportunities in New England with great fishing to offer at most Vermont State Parks.

Forty-six of Vermont's state parks have fishing opportunities directly on site or within a short walk. And, the remaining six parks have fishing opportunities within a 5-mile drive.

We hope you will consider taking advantage of the phenomenal fishing that Vermont State Parks have to offer.

New to fishing? No fishing gear? No worries – we've got you covered!

Several Vermont State Parks offer "Let's Go Fishing" clinics where trained instructors teach and encourage beginners how to fish. The instructors teach fishing skills, how to use different types of tackle, the importance of good aquatic habitat, fishing ethics and fishing regulations.

Some Vermont State Parks are also participating in the "Reel Fun" initiative, a cooperative effort between Vermont Fish & Wildlife and Vermont State Parks to provide loaner fishing equipment—including rods, reels, line and tackle as well as guides to the local fishing—to help provide park visitors instant access to the sport of fishing.

Additionally, Vermont State Parks offer a range of rental boats for anglers to use including rowboats, canoes, kayaks and pedal boats.

Visit the contact station at your state park to find out more about how you can get started on a Vermont fishing adventure!

Tips on handling and releasing fish

While harvesting and eating freshly caught fish is an enjoyable part of the angling experience, catch and release angling can also be a rewarding pastime. In certain instances, regulations may actually require you to release your catch (see Vermont Fish & Wildlife Regulations Guide). Using the proper techniques when releasing fish will help ensure the fish will survive to be caught again. Here are some tips:

- Don't play the fish to complete exhaustion.
- Minimize the fish's time out of the water. If at all possible, keep the fish in the water while you remove the hook.
- Consider pinching down the barbs on your hooks to make hook removal much easier.
- If the fish is hooked deep in the throat, gills, or stomach, simply cut the line close to the fish's mouth. The fish may have a good chance of surviving, and the hook will eventually rust out.

Show off your catch and win a prize!

Be eligible to win free passes to the state parks and fishing gear! Send your fishing in state parks photos to fwinformation@state.vt.us or parks@state.vt.us, or tag #ReelFunVT on Twitter by Labor Day.

Fishing at Branbury State Park on Lake Dunmore

Lake Area: 985 acres **Lake Max. Depth:** 105 feet

Fish Species: Black crappie, brown bullhead, lake trout, largemouth bass, landlocked Atlantic salmon, northern pike, panfish, rainbow smelt, rainbow trout, smallmouth bass and yellow perch.

Habitat: Lake Dunmore features a wide range of fish habitat for both warm and cold water fish species. The lake has shallow soft-bottom coves with submerged vegetation, boat docks and underwater brush at its north and south ends. The mid-lake area has shallow, rocky habitat around various points and reefs. The lake also features many steep, hard-bottom drop-offs and rises that hold baitfish and provide key habitat for trout, smelt and smallmouth bass.

Park Fishing Tips: Anglers fishing on foot from the beach will want to wade out a bit from the shoreline – and west of the swimming area – to access productive fishing water. To the west of the swimming area are scattered patches of aquatic vegetation that hold various species of fish year-round including panfish, bass and pike. Rock bass and other panfish species can be found throughout the lake near shoreline cover such as rocks, overhanging trees, submerged vegetation and boat docks. Other areas of the lake can be accessed by boat. Try for largemouth bass at the north and south ends, for smallmouth bass in the middle section of the lake around rocky points, reefs and drop-offs, and for cold water species like trout and salmon around deep-water structure – also in the mid-lake area.

Nearby Fishing License Dealers: You can purchase a fishing license at the Lake Dunmore Kampersville Deli in Salisbury, at the Brandon Town Clerk's Office or online at www.vtfishandwildlife.com.

What kind of facilities do the parks have?

Vermont State Parks provide the perfect setting for many fun outdoor activities – hiking, wildlife watching, and of course tossing a line out and reeling in your next big catch. Most parks offer car-top launches for canoes and kayaks, and motorboat launching access areas are available across the state.

At Branbury State Park, you can put in your canoe or kayak right from shore or, for motorboats, head to nearby Vermont Fish & Wildlife Magoon Access Area on the west shore of the lake.

Whether you want to bring your boat and head out on local waters or fish from shore at a nearby fishing hole, Vermont State Parks have the facilities to make for a truly enjoyable stay.

What a deal!

The second Saturday in June is Free Fishing Day where anyone can fish anywhere in Vermont for free.

The rest of the summer, **you'll need a fishing license**, even at a State Park. Vermont offers inexpensive, short-term licenses for just a few bucks and kids under 15 can fish for free!

Or you can get a year-round fishing license that costs only as much as a tank of gas or a couple of movie tickets. But unlike gas or movie tickets, your fishing license lets you fish for a whole year, anywhere in the state, with just a single purchase. Buy and download it to your phone and you'll be all set.

See www.vtfishandwildlife.com to find out more.

Fishing licenses are available right at the contact office at many state parks and at authorized license agents. You can find a list of these online at www.vtfishandwildlife.com.
