

REEL FUN!

Fishing in Vermont State Parks

Fishing in Vermont State Parks Reel Fun for All Ages and Anglers!

Vermont has some of the highest-quality and most-diverse freshwater fishing opportunities in New England with great fishing to offer at most Vermont State Parks.

Forty-six of Vermont's state parks have fishing opportunities directly on site or within a short walk. And, the remaining six parks have fishing opportunities within a 5-mile drive.

We hope you will consider taking advantage of the phenomenal fishing that Vermont State Parks have to offer.

New to fishing? No fishing gear? No worries – we've got you covered!

Several Vermont State Parks offer "Let's Go Fishing" clinics where trained instructors teach and encourage beginners how to fish. The instructors teach fishing skills, how to use different types of tackle, the importance of good aquatic habitat, fishing ethics and fishing regulations.

Some Vermont State Parks are also participating in the "Reel Fun" initiative, a cooperative effort between Vermont Fish & Wildlife and Vermont State Parks to provide loaner fishing equipment—including rods, reels, line and tackle as well as guides to the local fishing—to help provide park visitors instant access to the sport of fishing.

Additionally, Vermont State Parks offer a range of rental boats for anglers to use including rowboats, canoes, kayaks and pedal boats.

Visit the contact station at your state park to find out more about how you can get started on a Vermont fishing adventure!

Tips on handling and releasing fish

While harvesting and eating freshly caught fish is an enjoyable part of the angling experience, catch and release angling can also be a rewarding pastime. In certain instances, regulations may actually require you to release your catch (see Vermont Fish & Wildlife Regulations Guide). Using the proper techniques when releasing fish will help ensure the fish will survive to be caught again. Here are some tips:

- Don't play the fish to complete exhaustion.
- Minimize the fish's time out of the water. If at all possible, keep the fish in the water while you remove the hook.
- Consider pinching down the barbs on your hooks to make hook removal much easier.
- If the fish is hooked deep in the throat, gills, or stomach, simply cut the line close to the fish's mouth. The fish may have a good chance of surviving, and the hook will eventually rust out.

Fishing at Silver Lake State Park

Lake Area: 84 acres

Lake Max. Depth: 32 feet

Fish Species: Largemouth bass, northern pike, pumpkinseed, sunfish, yellow perch and rock bass.

Habitat: Silver Lake is a relatively shallow waterbody that primarily supports warm water fish. The lake features fish-holding habitat including boat docks, submerged vegetation, rocky points, overhanging trees and underwater brush.

Park Fishing Tips: Try fishing various lures around any visible aquatic cover such as underwater rocks, aquatic vegetation and boat docks. These all provide shady ambush spots that predatory fish, such as bass and pike, like to wait in to ambush their next meal. Bottom bouncing lures such as jigs can be great crayfish imitators while spinners, crankbaits and stickbaits can be retrieved with faster, steadier motions to imitate fleeing baitfish and lure in nearby feeding fish. Try fishing at different depths, from on the bottom, in the middle, and near the top of the water to figure out where the fish are feeding. Also, a basic nightcrawler and bobber rig is a fail-proof setup for catching nearly any species of fish in Silver Lake and shouldn't be overlooked!

Nearby Fishing License Dealers: You can purchase a fishing license at the park office, at Barnard General Store in Barnard, VT, or online at vtfishandwildlife.com.

Nearby Public Boating Access Areas: Visitors can easily launch kayaks, canoes and rowboats from the park shore. Although Silver Lake State Park does not have a public boating access area for motorboats and trailers, Silver Lake does have access for car-top vessels.

What kind of facilities do the parks have?

Vermont State Parks provide the perfect setting for many fun outdoor activities – hiking, wildlife watching, and of course tossing a line out and reeling in your next big catch. Parks also include well-maintained facilities that provide the optimal balance of convenience and comfort with a rustic, outdoors experience.

Additionally, most parks offer car-top launches for canoes and kayaks, and motorboat launching access areas are available across the state.

Whether you want to bring your boat and head out on local waters or fish from shore at a nearby fishing hole, Vermont State Parks have the facilities to make for a truly enjoyable stay.

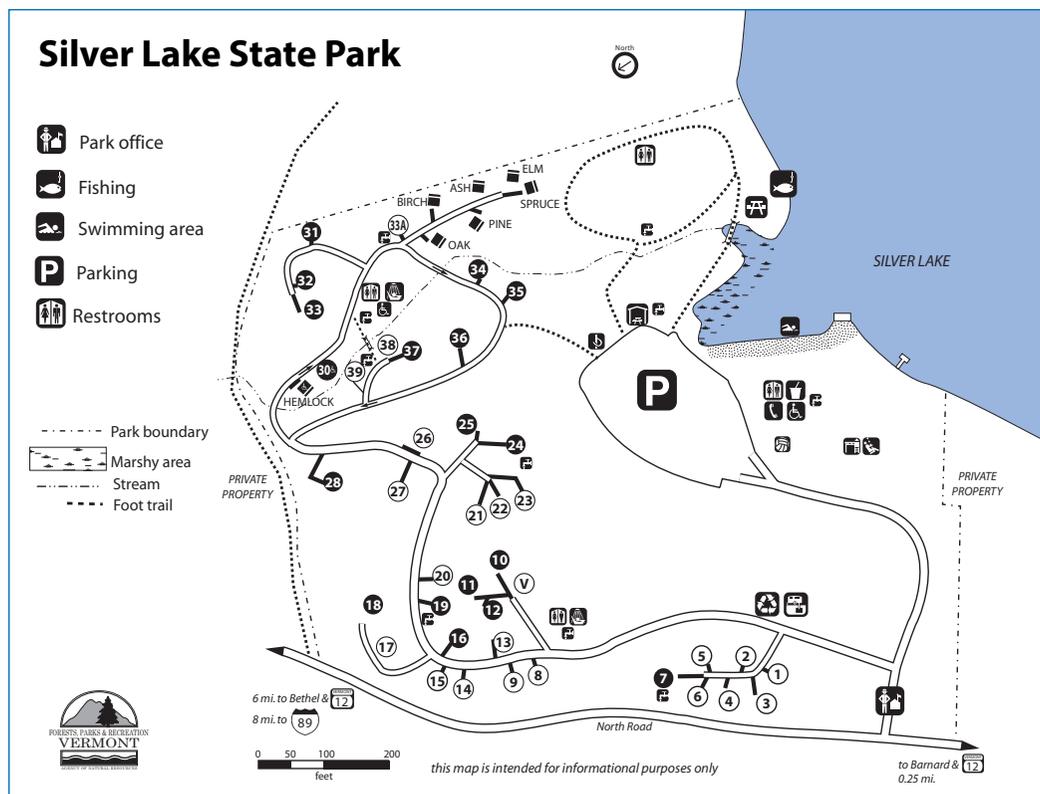

What a deal!

The second Saturday in June is Free Fishing Day where anyone can fish anywhere in Vermont for free.

The rest of the summer, **you'll need a fishing license**, even at a State Park. Vermont offers inexpensive, short-term licenses for just a few bucks and kids under 15 can fish for free!

Or you can get a year-round fishing license that costs only as much as a tank of gas or a couple of movie tickets. But unlike gas or movie tickets, your fishing license lets you fish for a whole year, anywhere in the state, with just a single purchase. Buy and download it to your phone and you'll be all set.

See www.vtfishandwildlife.com to find out more.

Fishing licenses are available right at the contact office at many state parks and at authorized license agents. You can find a list of these online at www.vtfishandwildlife.com.
